WALTON NOW LEADS BY 37,369 VOTES

DEMOCRATS HOLD SLIGHT LEAD IN NATIONAL RACES

Republican Landslide of Last Election Plowed Under by Demos.

RETURNS INCOMPLETE

Control of House now Uncertain With But Few States Out.

(By the Associated Press)
NEW YORK, Nov. 8.—Sweep before rising tide of democratic victory in many states the tremendous republican majority piled up in the Harding landslide of two years ago was knocked right and left in yesterday's elections.

The republican majority in the United States senate and in the house of representatives was sharply reduced but republican managers declared they would not be wiped out.

Until belated returns from western and middle western states began trickling in today, the democrats were leading in the polling of votes for the house. The eleventh Michigan district for the republican tied the two parties at 178 in the race towards the necessary 218 majority and it became plain that the decisive vote was yet to come from western and middle western states.

(By the Associated Press)
NEW YORK, Nov. 8.—At noon eastern standard time today twenty-five states had completed their congressional election returns but neither republicans nor democrats had progressed much further towards control of the house of representatives. The vote at that hour stood: republicans 185, democrats 187, socialist 1.

A majority to control is 218. Iowa was the only state which has returned a solid republican delegation.

Reports by States
The announcements or indications in results of election for the United States senate and positions of contestants early today were on the face of the latest returns as follows:

Arizona, Ashurst, democrat; California, Johnson, republican; Connecticut, McClean, republican; Delaware, Bayard, democrat; Florida, Trammel, democrat; Georgia, George, democrat; Indiana, Ralston, democrat; Iowa, Brookheart, republican; Maine, Hale, republican, elected last September; Maryland, Bruce, democrat; Massachusetts, Lodge, republican; Minnesota, Shipstead, farmer-labor, leading; Mississippi, Stevens, democrat; Missouri, Reed, democrat; Montana, Wheeler, democrat; Illinois, Howell, republican; Nevada, returns incomplete; New Jersey, Edwards, democrat; New Mexico, Jones, democrat; New York, Copeland, democrat; North Dakota, O'Connor, democrat; Ohio, Fess, republican; Pennsylvania, Pepper and Reed, short and long terms, republican; Rhode Island, Gerry, democrat; Tennessee, McKellar, democrat; Texas, Mayfield, democrat; Utah, Bomberger, republican, leading King, democrat; Vermont, Green, republican; Virginia, Swanson, democrat; Washington, Poindester, republican; West Virginia, Neely, democrat, leading Sutherland, republican; Wisconsin, LaFollette, republican; Wyoming, Kendrick, democrat.

NEW YORK, Nov. 8.—Returns today supplementing those of last night show that republican senate seats from Indiana, Maryland, New Jersey, New York, Michigan and West Virginia apparently had been captured by the democrats and the republicans had captured senate seats held by democrats from Nebraska and Ohio.

In Delaware, Montana and Minnesota the result was still too close to be counted with either column.

These returns so far would reduce the republican majority in senate from 24 to 16, with prospects for a further reduction.

The Associated Press tabulation of the vote for the house showed at 8:30 o'clock this morning:

Democrats 178, republicans 171, socialists 1. Only 20 states were then complete. Two hundred eighteen members are required for a majority.

Democrat Leads in Delaware.

(By the Associated Press)
WILMINGTON, Del., Nov. 8.—With twelve districts not heard from Thomas Bayard, democrat, had a lead of 363 over Coleman Depont, republican for United States senator.

Smith Easy Winner in New York State General Election

Alfred Smith.

NEW YORK, Nov. 8.—Albert Smith, democratic candidate for governor in New York state, was gaining steadily today in returns coming in from all sections of the state.

Smith took an early lead over his republican opponent, Governor Nathan A. Miller, when scattered returns last night gave Smith a plurality of 443,000 votes.

Final returns could not be obtained, state election officials said.

G. O. P. LOSES IN NEW YORK FIGHT

Smith Piles Up Record Lead in City; Safe Margin in State.

NEW YORK, Nov. 8.—Former governor Alfred E. Smith, democrat, rolled up the greatest plurality New York City has ever given any candidate in New York elections today and was swept back into the gubernatorial chair from which he was elected in 1920 by Governor Nathan A. Miller.

Republicans not only admitted the defeat of Mrs. Miller but conceded that William M. Calder, had lost his seat in the senate to Royal S. Copeland, health commissioner of New York City, formerly mayor of Ann Arbor, Mich., and until today an untested factor in New York politics.

With their ticket leading, democrats were claiming gains in congress and legislature but the republicans maintained stoutly that their majorities in the senate and house had been little impaired.

The victory of Mr. Smith was anticipated by many politicians but even his staunchest supporters had not predicted that in New York City he would beat the great plurality of 417,000 established by Mayor John F. Hyland in 1920.

Returns at midnight with 67 districts missing out of the 7,747 in the city, gave him a margin of 468,763 and his supporters predicted that this would be exceeded when the last ballot had been counted.

NEW YORK, Nov. 8.—The vote for the governor with 593 districts out of 7,361 in the state missing at one o'clock, Smith, democrat, 1,316,235; Miller, republican, 922,844.

The vote for senator with 1921 districts missing was: Copeland, democrat, 924,465; Calder 742,163.

Legion Preparing for Carnival Here Friday; Expect Big Attendance

Members of the local legion post were preparing for their Armistice Day carnival and dance to be held here Friday evening in the Pohotoc building.

Members were busy decorating the hall Wednesday in preparation for the coming event.

Legion officers Wednesday predicted a record attendance at the carnival.

Proceeds from the concessions and other sources of revenue will be appropriated to the local Red Cross chapter, which begins its annual drive for members here Saturday.

Washington in G. O. P. List.

(By the Associated Press)
SEATTLE, Wash., Nov. 8.—Returns from 1,272 precincts out of a total 2,446 in Washington in yesterday's election give for United States senator Miles Poindester, republican incumbent, 80,998; C. C. Dill, democrat, 82,107.

COUNTY RETURNS SHOW LANDSLIDE FOR DEMOCRATS

Entire Ticket Carries In All Boxes Over County

McKEOWN IS WINNER

Bolen Maintains Majority In District Judge's Race

All the election boxes of Pontotoc county were in at press time this afternoon except Allen and Vanoss. With these boxes missing Walton had 4,304 and Fields 2,415. In Ada Walton had 1,231 and Fields 1,195. Bolen swept the county by about 2 to 1, his vote standing 4,209 to 2,239 for Barney. In Ada Bolen polled 1,241 as against 1,100 for Barney.

The vote from Allen and Vanoss will increase the majorities of all Democratic nominees and put Walton fully 2,000 in the lead. The soldiers bonus bill received 3,696 and 2,507 were cast against it. Outside of some Ada wards, Dolberg and Lawrence were the only boxes to give a majority for Fields and these were democratic in all other races. The result took on the proportions of a landslide as the returns filtered in.

McKeown's Remarkable Vote.
Tom D. McKeown headquarters had reports from 120 precincts out of 371 in the district late this afternoon. These gave McKeown 12,824 as against 4,937 for Pringley, a majority of 7,887.

The vote of Pontotoc county complete was given as 5,603 for McKeown and 1,368 for Pringley, a majority of 4,235 for McKeown in Pontotoc county alone.

Feature of the election was the almost total disappearance of the Socialist vote. Maxwell polled about a dozen and a few other boxes two or three each. This vote helped to swell the Democratic majority to the highest point ever attained in this county, so far as the News is aware.

In the limited-time before going to press it has been impossible to total the votes of the other candidates, but a complete tabulation will appear tomorrow.

The following partial returns were taken from the extra which was put on the streets early this morning and the final count may show some discrepancies as part of these figures were obtained over the phone and hastily put down:

The election in Pontotoc county resulted in an overwhelming victory for the entire democratic ticket. At midnight partial returns had come in from 28 precincts. All except some of the Ada boxes gave strong majorities. These went to Fields and Barney, but all other Democrat nominees won here as elsewhere. Fields and Barney carrying precincts one and three of Ward 1 and precinct two of Ward 4. Precinct 2 of Ward 2 and Precinct 3 of Ward 3 had not reported. The ticket has carried the county by more than 2,900.

It was impossible to secure figures on all the county races, but the contest for sheriff will probably indicate the general run of the voting. Twenty-five boxes reporting gave Sloan 2,624 and Heady 804.

So far as received Walton has a vote of 3,029 in the county and Fields 1,777. McKeown 3,418, Pringley 905; Bolen 2,754, Barney 1,486.

McKeown Elected
Tom D. McKeown for congress led the ticket by a wide margin, every box giving him a majority. Re-

(Continued on Page Two)

Republicans Start Action to Remove Mayfield in Texas

Earle B. Mayfield.

(By the Associated Press)
DALLAS, Nov. 8.—Efforts to keep Earle B. Mayfield from taking his seat as United States senator from Texas will be made according to intimations in a statement made today by R. B. Creager, republican state chairman.

Creager said the republicans will never permit Mayfield to be seated and that the control of his party will be maintained regardless of the election results. He said the fight would be continued so long as the "Ku Klux Klan appears an influence in politics."

TAHLEQUAH BARES ELECTION FRAUD

Warrants Allege That Four Inspectors are Found With Ballots.

(By the Associated Press)
TALEQUAH, Nov. 8.—Warrants were issued today upon application of County Attorney Asbury Burkhead for the arrest of four democratic election inspectors charging them with fraud in yesterday's election. Complaining republicans have appealed to the United States government authorities at Muskogee to immediately begin an investigation into the election.

E. S. Williams of Park Hill has been arrested on a charge of changing a ballot. It is alleged he substituted a republican for a democratic straight ticket.

The county attorney alleges that nine county ballots for a democratic straight ticket votes were found in the possession of Virgil Garner, 13 marked in a similar manner in possession of John Copeland of Moody and 49 also marked straight democratic, in the possession of Lee Smith at Hulbert, a republican stronghold. Twenty state tickets marked for straight democratic votes are also alleged by the authorities to have been found in Smith's possession.

SCHOOL CHILDREN OF FOREIGN BIRTH SET EXEMPLE

(By the Associated Press)
BOSTON, Mass., Nov. 7.—A group of school children, almost entirely of foreign birth and taught by a Czech-Slovakian teacher, in a village district school in Southampton, is setting an example for parents and other residents of the district.

Under the leadership of the teacher, the girls of the school have assembled a complete layette and a Junior Red Cross auxiliary has been established. Already the auxiliary has contributed its share in the Red Cross roll call to the Hampshire County chapter and is planning a Junior Red Cross play.

DEMOCRATS TAKE CONGRESS SEATS IN SIX DISTRICTS

McKeown Sure Winner in Fourth District Over Present Incumbent.

MISS ALICE BEATEN

Outcome Uncertain in Two Republican Strongholds in State.

(By the Associated Press)
OKLAHOMA CITY, Nov. 8.—Six of Oklahoma's congressional seats went to the democrats in yesterday's election and it appeared that a democrat might be elected in one of the two congressional districts remaining.

The three democratic representatives from this state—Charles D. Carter, third district; F. B. Swank, fifth district and Jim McClintic of the seventh district,—were re-elected.

Republicans were unseated in three districts. In the second district W. W. Hastings, democrat, defeated Miss Alice Robertson, republican, the only woman member of the 67th congress. Hastings after serving three terms was beaten by Miss Robertson by 228 votes in 1920 when the republicans won five districts in Oklahoma.

It was the same story in the fourth district. Tom D. McKeown, democrat, who was unseated by Joseph Pringley in 1920, defeated Pringley this time.

L. M. Hensman, a 1920 victor and first republican to be elected from the sixth district, went down to defeat yesterday before Eimer Thomas, democrat.

The districts still classed as doubtful early today were the first and eighth.

In the first district E. B. Howard, democrat, was leading T. A. Chandler, republican, incumbent but the vote was not enough to be altogether decisive. Howard was defeated for re-election by Chandler in 1920. Chandler was first elected from the district in 1916. Howard defeated him in 1918.

The eighth district has always gone republican. M. C. Garber who defeated Manuel Herrick, the "aerial daredevil" of congress for the republican nomination, had a lead over Zack Harris, democrat, but the race was too close on early returns to warrant a prediction of Garber's election.

OKLAHOMA CITY, Nov. 8.—Additional returns from the first and eighth districts, the only ones still classed as doubtful, failed to establish an apparently safe lead for any candidate. In the first district E. B. Howard, democrat, continued to lead T. A. Chandler, republican. On the basis of reports from 164 from 432 in the district, Howard led 16,359 to 14,162, a majority of 4,197.

In the eighth Judge Milton C. Garber, republican, held his lead over Zack A. Harris, democrat, by 2,043 votes, with 215 precincts out of 422 reporting. The count: Garber 14,022, Harris 12,779.

All other districts have apparently been carried by the democrats.

LODGE ESTABLISHES SMALL LEAD IN MASSACHUSETTS

(By the Associated Press)
BOSTON, Nov. 8.—Senator Henry Cabot Lodge, a republican leader of the senate, led William A. Gaston, democrat, by 1,503 votes in the returns from all but two precincts in the state. Both of the missing precincts were in Worcester. The vote was: Gaston 318,008; Lodge 419,511.

North Dakota Gives O'Conner Early Lead in Election Returns

J. F. T. O'Connor.

FARGO, N. D., Nov. 8.—Inability to secure rural returns due to bad road conditions in North Dakota have left the senate contest between Flynn Frazier, republican and non-partisan, and recalled governor and J. F. T. O'Connor, democrat, in doubt. Returns from 300 precincts almost all urban, gave O'Connor 30,818 as compared with 18,686 for Frazier, a lead of more than 12,000 but it is considered certain that the rural returns will cut this down materially if not wiped it out.

TO LET CONTRACT PAVING PROJECT

Yates and Gallimore are Successful Bidders: Work Starts Soon.

A contract for the paving of nearly five blocks on West Main street will be let Wednesday afternoon to the construction company of Yates and Gallimore, according to a statement today by Charles Deavers, city finance commissioner. Mr. Deavers said that bids for the work were opened Tuesday but not acted on as it was election day.

Property owners on West Main street will get their street paved 25 cents cheaper than the property owners on South Townsend had to pay, it was said. The bid turned in by the Yates and Gallimore company was for \$2.25 per square yard, not including the curb and gutter expense.

Commissioners said this was by far the cheapest bid for paving work here this year. A considerably higher price has been paid before the Townsend project, figures indicate.

Work should begin within 15 days, Mr. Deavers believes. This is usually the amount of time required to start the evacuation and grading, he said.

Concrete will be used on the new project. The first block which will connect with the end of the pavement at the Santa Fe tracks, will be about 40 feet wide and the remainder of the street will be paved 30 feet wide. This extra width will be necessary in order to take care of traffic to the Glenwood Park and Auto Tourists Park, both of which will adjoin the pavement.

Mayfield Leading in Texas Senate Fight by 95,000 Plurality

(By the Associated Press)
DALLAS, Nov. 8.—Earl B. Mayfield, democrat, overwhelmingly defeated George E. B. Peddy, republican and independent democrat, for United States senator in the general election yesterday. Mayfield's vote this morning was 167,139 against 70,039 for Peddy. These figures were reported by 211 counties, out of 251.

Governor Pat N. Neff was re-elected, his majority over V. M. Atwell, republican, from 211 counties being 132,510.

DEMOCRAT ASSURED OF ELECTION IN MICHIGAN

(By the Associated Press)
DETROIT, Nov. 8.—Former Governor Woodridge N. Ferris, a democrat, was definitely assured of election to the United States senate today when with but 494 scattered precincts unheard from out of 2,903 in the state, he was holding a lead of 18,216 over his republican opponent Charles E. Townsend.

WALTON GAINING OVER FIELDS IN GOVERNOR FIGHT

More Than Half Total Number of Precincts in State Counted.

WALTON GAINS SLOW

Oklahoma Legislature Now in Democratic Hands, Reports Show.

(By the Associated Press)
OKLAHOMA CITY, Nov. 8.—Mayor J. C. Walton of Oklahoma City, endorsed by the farmer-labor reconstruction league, continued to increase his lead over his republican opponent, John Fields, as additional returns from yesterday's general election were tabulated. More than half the precincts in the state gave the democratic nominee a plurality of 37,369. The count from 1,718 out of 2,937 in the state gave Walton 165,409, Fields 128,040.

Mayor Walton was understood to have received the support of the anti-Ku Klux Klan faction in the primary but this fact was not brought to the surface yesterday, the only apparent issue being the farmer-labor platform on which he ran.

First reports on the complexion of the ninth Oklahoma legislature indicated that both branches will be strongly democratic. With returns received from eight counties on the state senatorial races, democrats had long leads in all but one, the exception being Alfalfa, normally a republican stronghold.

In the house the same condition prevails with only three counties showing republican leads of 11 reporting.

In the senate race Texas county half completed gave Hughes, democrat, 811, to Benner's 487. Alfalfa county virtually complete gave Winterberg, democrat, 1602 to 2,633 for Miller, republican. Kay county as practically complete shows a close race with Cline leading Heberling, republican, 2,733 to 2,718. In Payne county James, democrat, was leading Matherly, republican, 1879 to 1571, with the county about two-thirds in. Barker, democrat, had a lead of 1774 to 1220 over Ruff, republican, in Canadian county. In Murray county Born, democrat, is leading Jackson, republican, on early returns, 356 to 92. Rogers county is also electing a democrat according to figures from about half the county which shows MacAlvert, democrat, leading Hinton, republican, 2,073 to 1,357.

OKLAHOMA CITY, Nov. 8.—The entire democratic state ticket continued to forge ahead as additional returns were received this morning. A. S. J. Shaw, democrat candidate for state treasurer, led the ticket with 110,038 from 480 precincts. His republican opponent, Irvin Page, trailed far behind with 25,954.

M. E. Trapp, democratic candidate to succeed himself as lieutenant governor, appeared sure of re-election. He led Dennis Flynn, republican, 48,080 to 36,343 with 406 precincts reporting.

Meager returns on the supreme court race gave substantial leads to Matthew Cane in the third district and John Harrison in the fourth.

Nothing Definite On State Soldier Bonus Amendment in Returns

(By the Associated Press)
OKLAHOMA CITY, Nov. 8.—Meager returns from outlying districts in the state prevented any definite tabulation of counts on the amendment for a \$50,000,000 state bonus. Returns early last night indicated that voting was running even on the bill. No later definite results have been tabulated.

CURZON FLAYS TURKISH PRETENSES IN NEAR EAST

LONDON, Nov. 8.—Foreign Secretary Curzon in an address today declared that the position in the near east at this moment "consist of the most definite menace to the peace of the world." He asserted that the Turkish pretensions were without justice and could not be tolerated.

Ada Withstands Election Heat Peaceably

Ada weathered the heat of election excitement Tuesday without violence and disturbance of the peace and tranquility of the city.

With the exception of political arguments which oftentimes reached perilous heat, and various predictions as to outcome of state and county returns, Ada "walked the straight and narrow path."

Gala celebrations at the News office and the Pontotoc building, where returns were received Tuesday night and Wednesday morning, called their quota of election fans

and claimed them until wee hours Wednesday morning.

Crowds began assembling at the Ada News office and at the Pontotoc building at 6 o'clock Tuesday night, increasing in numbers during the early hours of the night.

Betting was on the taboo as far as could be learned Wednesday morning. Few calls were given in state returns and those under heavy odds placed on the strength of democratic leads in the state.

City and county officials reported no arrests from violence during the election heat.

With the receipt of sufficient returns to form definite totals in state and county races crowds began to disperse and interest lag in the remaining returns.

Interest in national races was also noticed in the crowds of election fans but the governor's race proved to be the question of the day.

Regular routine work of officials in the various precincts in the county was carried on without difficulty or delay. Work of officials in all precincts has been accepted as accurate and no contest of any box will be made.

WALTON WINS

As those who have been keeping in close touch with the political situation in this state expected, Jack Walton was elected governor in yesterday's election by an overwhelming majority, and entire Democratic ticket went through with a bang. Although the Republicans spent huge sums of money and put all the sagacity and political ingenuity known to the Republican war horses and some "constitutional Democrats", they were not able to replace the party which has built Oklahoma from a wide territory in 1907 to one of the leading states in the nation in 1922.

The victory is all the more flattering to Walton in view of the fact that the Republicans picked the best man they could find to make the race and then united their guns on Walton with the intention of getting the governor even at the risk of losing the rest of the ticket.

Walton has accomplished the almost unbelievable. He has brought back into the Democratic party the former socialists who voted with the Republicans two years ago, and he has done this without driving from the party any great number of old line Democrats, considerably fewer than many were made to believe.

Pontotoc County repeated by rolling up about the usual Democratic majority. It is true Ada took a reversal of form in degree though not in kind and gave the Democratic nominee only a slight lead, but the county made up for the deflection and the ticket went over by a goodly margin.

Much credit for the big majority for the ticket in this county belongs to Orel Busby, the manager of the campaign and many who ably assisted him. Busby has demonstrated he is an able leader, though of course he could not have accomplished so much without assistance from many in the ranks and also from candidates in the county.

Jack Walton has a great opportunity. Going into office with the backing of a great party, re-inforced by the addition of from fifty to seventy-five thousand new members, he can do well nigh what he desires. If he makes a great governor, he will be in line to succeed Senator Harrelld four years from now. No man has become governor of this state with the same opportunity. We believe Walton has the ability to meet it, but of course only time can determine how well.

DEMOCRACY'S SWEEPING VICTORY

Reports from over the nation are to the effect that Democracy has made great gains, and there are prospects for the lower house of congress to be Democratic. Oklahoma is again in the right column with seven and possibly eight congressmen. New York will have a big delegation of Democrats in Washington and will have a Democratic governor in Albany. Middle-western states are threatening to go Democratic, and by the time this is printed may be in that column.

The Republicans in Washington played politics, retarded needed legislation, dallied with the bonus bill, and passed a tariff law that is a disgrace and an insult to the people of the South and West. Democratic and Republican newspapers from Los Angeles to Portland, Me., warned them against the tariff measure. Seemingly determined to ruin themselves politically, the Republican senators and members of the lower house rushed on in their mad course and "put over" on the country the tariff act, and yesterday's ballots were the result.

The tide has turned. Democracy is triumphant. Two years from now, we believe the Democratic candidate for President will be elected by as large a margin as was given Harding in 1920. And this is certain to be the result if the Republicans in an extraordinary session pass the proposed merchant marine subsidy bill.

The census bureau announces that the center of the negro population of the United States moves slightly north and east during the past decade. This was caused by the flow of negro population north and east. It will be best for all concerned when the race is distributed throughout the country instead of being concentrated in one section. Among other things it will give the northerners some first hand information on a subject that they have known little about and give them a chance to learn first hand the basis of the Southern viewpoint.

Now that the election is over we can all get back to our jobs and work for a living as we have always done and always will. No political party or set of officials can bring on the millenium when everyone will have a soft snap. There ain't any such animal but politicians in campaign speeches would have people think so.

Sugar is rising under the stimulating effect of the new tariff. And yet we have heard that a high tariff is the twin brother of prosperity.

BUSHNELL'S CARTOON MOVIES OF NEWS EVENTS IN EIGHT REELS

NEW PALACE FOR SPANISH RULER

Expected Building to be Completed for Fall Enauguration.

(By the Associated Press)
BARCELONA, Nov. 7. —The new palace under construction here for the King is expected to be sufficiently advanced this fall to permit of its official inauguration by his majesty in the presence of the Queen and the other members of the royal family, and the representative of all foreign nations accredited to the Spanish Court.

With the exception of the palace in Madrid—which is regarded as one of the largest and finest in Europe—the royal residence presented by Catalonia to the reigning family will be the most sumptuous in Spain. It contains four floors: the ground floor for the installation of the kitchens and stores; the first floor for the offices, reception and guard rooms, chapel, ordinary dining room, antechambers, and throne room; the principal floor for the royal living and sleeping rooms; and the top floor the domestics and other attendants.

Enormous interest is being taken in the building of the palace by every class of folk in Catalonia. Notable Catalan artists have undertaken to decorate the various apartments, furnishers to provide the necessary furniture, rugweavers to supply the carpet, crystal workers to install the hanging lamps, librarians to fill the library, musicians to give the music. These voluntary gifts are estimated to be worth over a million pesetas.

The future royal seat is being built entirely of materials produced in Catalonia itself, the idea being to make it a permanent exposition of the manufacture and products of the region.

When their majesties come for the formal inauguration, they will already be able to make their temporary residence in the new palace, but the work cannot be completed in all its details until the coming spring.

Advantage is to be taken of the presence of the foreign representative to make official announcement of the Universal Electrical Exposition of 1925.

Old Newspapers to Play Part in Keeping Pre-Season Fruits

BROWNSVILLE, Tex., Nov. 7. — Old newspapers, the bane of the orderly housewife, and the despair of the street cleaner, are expected to play a prominent part in putting the first watermelons on the market in the United States next year.

The Lower Rio Grande Valley almost invariably places the first melons on the market. Melon farmers generally plant the melon seed in late February or early March, but next year E. C. and A. V. Yznaga who operate the Cotulla ranch in the northern part of Cameron county, expect to plant sixty acres of melons early in January, utilizing old newspapers to protect the young plants during the cool nights of late January and early February.

This year the Yznagas tried out this method on fourteen acres and it proved so successful they decided to plant sixty acres of melons next year, utilizing old newspapers to protect the plants.

COUNTY RETURNS SHOW LANDSLIDE

(Continued from Page One)
ports from other counties indicated that he has been returning a heavy majority amounting to a landslide. Many places that went strongly Republican two years ago reversed themselves this time.

How the Precincts Voted
During the rush attending the closing of the polls it was impossible to secure figures entirely accurate in every detail, but the following will probably be found not far from correct when the official figures have been tabulated. Some of these were phoned to the News, some to Democratic headquarters and some were taken from the returns made to the county election board. Official figures will be tabulated and published as soon as possible.

Ada, Precinct 1, Ward 1
Walton 141, Fields 202.
McKeown 287, Pringley 67.
Bolen 161, Barney 294.
Precinct 2, Ward 1
Walton 127, Fields 120.
McKeown 196, Pringley 49.
Bolen 128, Barney 101.
Precinct 3, Ward 1
Walton 67, Fields 126.
McKeown 130, Pringley 51.
Bolen 72, Barney 111.
Precinct 1, Ward 2
Walton 139, Fields 109.
McKeown 190, Pringley 45.
Bolen 143, Barney 98.
Precinct 1, Ward 3
Walton 144, Fields 71.
McKeown 158, Pringley 39.
Bolen 133, Barney 60.
Precinct 1, Ward 4
Walton 279, Fields 164.
McKeown 341, Pringley 80.
Bolen 269, Barney 161.

WOMANLY TROUBLES

Twice Hard for Her to Stop Work, But This Texas Lady Says She Had to Go to Bed.—Helped by Cardui.

Salado, Texas.—"I suffered a great deal with womanly troubles," says Miss Lillian Hart, of Route 1, this place. "I would, for a day or two, feel drowsy, stupid and lifeless; didn't feel like doing my work."

"I would suffer pains in my sides and back, and very severe headaches. "I am the housekeeper, and it was very hard for me to stop, but I would get in such a misery I would have to go to bed. I heard of Cardui, and that it was good for this suffering. The very first bottle I took seemed to help me. I did not suffer near so much, so I sent for the second. It did so much good for me, I can't say enough for Cardui, for it certainly was a friend in need."

Women who feel the need of something to help relieve, or prevent, such troubles, should profit by the experience of thousands of other women, and try this mild, harmless tonic.

Sold everywhere.

JUVENILE PROHIBITION NOW SUCCESSFUL IN JAPAN

TOKIO, Oct. 12.—Since its enforcement on April 1 this year, the juvenile drinking prohibition act, passed in the last session of the Diet, has reaped fruitful results. It is reported that since the act became effective 49,146 members of young men's associations through out Japan and its colonies have joined the anti-alcohol league in support of the juvenile drinking prohibition movement.

PAIN GONE! RUB SORE, RHEUMATIC ACHING JOINTS

Stop "dosing" rheumatism. It's pain only. St. Jacobs Oil will stop any pain, and not one rheumatism case in fifty requires internal treatment. Rub soothing, penetrating St. Jacobs Oil right on the tender spot, and by the time you say Jack Robinson—out comes the rheumatic pain and distress. St. Jacobs Oil is a harmless rheumatism liniment which never disappears, and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops scapula, lumbago, back-ache and neuralgia.

Limber up! Get a small bottle of old-time honest St. Jacobs Oil from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away. Adv.

Cost of Diamonds Increased by Near Eastern War Rumor

(By the Associated Press)
LONDON, Nov. 8.—The present boom in diamonds in England is attributed partly to recent rumors of war in the Near East. Experts in the trade say that this phenomenon has been noticed before, and that when political troubles are brewing the business in diamonds revives. Not only in London is this activity noticeable, but in Antwerp also diamonds have been changing hands in large numbers, somewhat similarly to the time of the first Russian revolution.

Another reason given for the diamond activity is that new fields are being opened. Rough diamonds are coming to hand in larger quantities, and customers want not only the finest sort, but also smaller stones for clusters.

First Baptist Business Meeting.
The regular monthly business meeting of the First Baptist church will be held this evening at the church beginning promptly at 7 o'clock. Please let everybody be there promptly at seven o'clock in order that we may get through by 8 o'clock for the benefit of some who wish to attend the lyceum program at the normal.

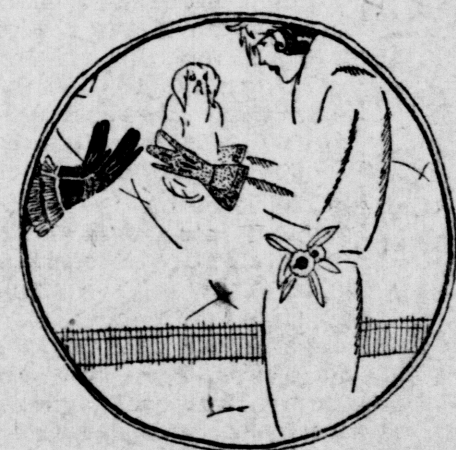

We urge those at the head of various organizations in the church to be present themselves or have some one else present to make a report of their work.

CLYDE CALHON UMORRIS, Pastor.

GOVERNOR RICHARDSON IN LEAD IN CALIFORNIA RACE

SAN FRANCISCO, Nov. 8.—Partial returns from 158 precincts scattered throughout California give for Governor Richardson, 6,981; Woodvine, 4,165; Horr, socialist 1,095; Pearson, 564; Neegham, prohibitionist 4.
For U. S. Senator partial returns from 224 precincts give Johnson 1,095; Sinclair, socialist 3.

COLLEGE NOTES

Fifty-one new students have enrolled at the college since the beginning of the second term this week. So many have gone out to teach, according to President Linscheid, that the number of new students does not balance the number lost. This term, as in the first term, Mr. Linscheid states, the heaviest enrollment is in English, education, history and agriculture. One hundred and twenty-nine students have enrolled for English, and will be divided into three sections.

The football game between the Tigers and the Wilburton Miners originally scheduled for Saturday will take place on the college field Friday afternoon. The change is due to the fact that the business men of Ada can not close their stores on Armistice Day and that a greater number of them will be able to attend the game on Friday. Students who wish to go home for the week-end will also be benefitted by the change.

Miss Emma Keller of the College who is taking her masters work at Peabody College, Nashville, Tennessee, is enjoying her work immensely, according to information received by President Linscheid.

Mr. Fentem of the College faculty is going on a trip through the district to visit the extension classes. He will be accompanied by Professors Davis and Robinson. They will be at Dustin Thursday night, and on Friday will visit Bryant, Morris, Preston and Liberty Consolidated school in Okmulgee county. Saturday they will be in Okemah and will return to Ada Saturday night.

President Linscheid will speak to a gathering of business men at Mill Creek Thursday night. Oscar Parker, Russell Boud and Charles Cunningham will furnish vocal music at the meeting.

Mr. Linscheid reports that up to the present time Mrs. Mackin, the supervisor of women, has found work for all girls who needed it.

MISS PANSY PIGG
ENTERTAINS FRIENDS

Miss Pansy Pigg entertained a number of friends with a party at her home, 200 East Ninth street Tuesday evening. The evening was spent in playing games and dancing.

At a late hour delicious refreshments were served, after which the guests departed.

Those present were Misses Hazel Condren, Helen Hybarger, Mae Ellison, Faye Stevens, Ruby Smith, Orena Shelby, Myrtle, Dymple and Etta Mae Qualls, Pauline and Pansy Pigg; Messrs. Otis Wardlow, Gordon Burnett, Claude Procor, Tensie Davis, Elmo Russell, Ed Edsell, Emile Rogers, Forest Hickey, Omer Brandon, Charlie Griffith and R. W. Fowler.

Appeal Issued to the Members of County Poultry Association

An urgent appeal to members of the Pontotoc County Poultry association to attend scheduled meetings and prevent the organization, which has proven one of the paying industries in the county, from dying out was issued by H. J. Huddleston, president of the association, in an official letter today.

Huddleston declared that at previous called meeting only a handful of members attended and very little was accomplished in planning the coming poultry show.

President Huddleston announced that money had been appropriated by the county commissioners for holding the poultry show here and that the fund would revert back to the county unless members take advantage of their contribution.

Huddleston pointed out that the poultry industry in the county had been one of the most successful for money invested.

"A meeting will probably be held here next week," Huddleston said.

McKELLAR LEADING IN
TENNESSEE ELECTIONS

MENPHIS, Tenn., Nov. 8.—Kenneth D. McKellar, democrat, for reelection as United States senator from Tennessee, was leading Newell Sanders, republican nominee, by a ratio of more than two to one on the face of unofficial returns from 642 precincts of a total 2,680 in the state. Returns from these precincts give:

McKellar 36, 807 votes; Sanders 16,209.

IS DOUBTING THOMAS NO MORE

"All medicines and doctors for stomach trouble proved worthless in my case. Everybody recommended something else and nothing helped, so I became a doubting Thomas as to any cure. While in St. Louis a party praised May's Wonderful Remedy so highly that I bought a bottle and I am now a doubting Thomas no longer." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Gwin & Mays and druggists everywhere. (Adv.)

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed up with a cold or nasty catarrh—relief comes so quickly. Adv.

Australian Debts Bared in Speech of National Treasurer

(By the Associated Press)
MELBOURNE, Australia, Nov. 8.—In his annual speech to the house of representatives, Federal Treasurer Bruce, of Australia, disclosed that the Australian national debt on June 30th totalled \$4,210,000,000 as compared with a pre-war debt of \$1,695,000,000.
During the course of his speech Mr. Bruce said:
"The estimated revenue for 1922-23, totalling \$312,591,250, includes \$140,000,000 customs and excise; \$76,250,000 income tax, and \$48,250,000 post office, telephone and telegraph receipts.
"The estimated expenditure is \$310,118,405 showing an estimated surplus of \$2,472,845.
"Of the accumulated surplus, estimated at \$3,514,925, \$16,000,000 will be used in the reduction of taxation and the encouragement of agriculture and manufactures.
"The proposed remission of taxation includes the increase of the general exemption from \$520 to \$1,000 for all taxpayers."
Mr. Bruce announced that legislation would be introduced in the near future to reduce the salary of members of the House of Representatives from \$5000 to \$4000.
Speaking on the national debts Mr. Bruce declared: "The gross commonwealth debt totalling \$2,080,352,545, shows an increase in the year ended June 30th amounting to \$71,752,420.
"The total national debt of Australia, including the commonwealth and states is \$4,210,000,000, compared with the pre-war debt of only \$1,695,000,000."

French Women Not Friendly Inclined to Reading Books

(By the Associated Press)
PARIS, Oct. 20.—As the women of Paris recently have been beating the men in competitions for places as librarians, a discussion has arisen over women's attitude towards books.
Writers in general seem to agree that woman is the avowed enemy of books. This view, which will seem strange to Americans, is accepted by the French as a fact not necessary to discuss. They seek only to show why, and how greatly woman is hostile to books.
One of the principal publishers is quoted as saying that in the retail trade women constitute only one per cent of buyers in France. Others dilate upon the difficulty their men friends have in keeping a library of fine books and in adding to the collection. Men's love of books, and women's dislike of them, are cited as having caused the break up of many homes. M. de Bersacourt, author and booklover, holds it to be the duty of a bibliophile to remain a bachelor. He cites the cases of men who have no buy books secretly to avoid outbursts of wrath from their spouses, and others who keep books hidden.
One parisian booklover, says M. de B. smuggles home purchases under his coat or in his pocket, meanwhile, disarming his wife by holding out cake or candy to her at the front door in order to gain time to slip the volume on to the shelf unnoticed.

American Named Priest.
KAIFENG, Honan Province, Nov. 8.—The Rev. Father William Joseph Cahill, a native of Hancock, Maryland, holds the distinction of being the first American Catholic layman to be elevated to the secular priesthood in China. This ordination took place here, conducted by the Right Rev. Bishop Joseph Tacconi.

WHO WILL WEAR THE GREEK CROWN NEXT?

Seated in front are George, recently named king of Greece, and his sister, Princess Helen. Standing, left to right, are Princess Irene, their mother, Queen Sophie; Princess Anastasia; her husband, Prince Christopher, who may yet wear the crown; the deposed king, Constantine, and Queen Mother Olga.

Seventeen-Year-Old Illiterate Calmly Awaits Day for Death

DANVILLE, Ky., Nov. 7.—Steve McQueen is just seventeen, but the days of his life are numbered. For the boy is in the death house of the Boyle county jail here.
Murder was the charge against him. And of murder he was convicted after a fair and impartial trial.
The law of the mountains caused him to take a life and the law of the state now demands his in return.
McQueen is a product of the mountains, a typical young mountaineer to whom self-preservation is the first law. He is unable to read or write. He has never been inside a school or church.
Reared by parents who were illiterate, in a community notorious for its moonshining element, where the hatred of the "revenuer" is its only religion, McQueen never received good advice or wholesome training.
Isaac Cole was a "revenuer." He threatened to have McQueen and another lad indicted for moonshining. That's where the law of the mountains came in. Cole was found dead.
But unlike the scores of other cases where government agents disappear or are murdered the law demanded its toll.
During his trial young McQueen denied that he was responsible for Cole's death. He declared that he was under the influence of liquor when the crime was committed. Then showing remarkable resourcefulness for an illiterate, he declared that he had never been taught that he knew not right from wrong.
But the jury was unmoved. The verdict was—DEATH.
So now with Spartan stoicism, McQueen calmly awaits the day when the law will snuff out his life even as he snuffed out that of Cole while his attorneys are making frantic efforts to save him.
They have already exhausted every means except a direct appeal to Governor Morrow for executive clemency. They ask it on the grounds of the lad's extreme youth, he is the youngest ever sentenced to death in Kentucky.

Oklahoma Leading States in Mineral Production, Geological Report Shows

(By the Associated Press)
NORMAN, Okla., Nov. 7.—With oil and gas, coal and lead and zinc leading the list, Oklahoma produces a wider variety and about as great a quantity of minerals as any state in the union, according to a bulletin of the Oklahoma Geological Survey which has just come from the press.
The bulletin is entitled, "Facts About Oklahoma," and was written by Fred M. Bullard, of the survey commission of which C. W. Shannon is director.
Thirty-eight of the seventy-seven counties of the state are classed as oil and gas producers, according to the bulletin. The state has produced an estimated billion barrels of oil, valued at as many dollars, since the first two wells were sunk in 1884, it added.
Leads in Zinc Production.
From 1917 to 1920 inclusive Oklahoma led all the states of the union in zinc production, but, on account of a very severe economic slump, it has dropped to second rank since that time, according to the bulletin.
The coal supply of the state has been estimated at seventy billion tons by the U. S. Geological Survey, the bulletin notes, but also says that under present mining conditions the survey places the available supply at only eight billion tons. In 1921, according to the information compiled by Mr. Bullard, 4,171,500 short tons of coal were mined, valued at \$13,771,750.
Other mineral products of the state include asphaltum, volcanic ash, troppil, building sand, gabbro, novaculite, Portland cement rock, gypsum, manganese and iron, clay and shale, glass, sand, salt, lime

Steve McQueen.

the state and 12,389 miles of pipe line. Incidentally it is noted that the pipe line mileage is nearly twice that of the railroads of the state, 6,640.
The state income from the gross production tax on mineral products returned \$7,859,945 in the last fiscal year, it is stated. There are 200 separate and distinct oil and gas pools.
The lead produced in the state placed Oklahoma fifth in the column of states producing that mineral in 1917, but by 1920 the state had climbed to third place. A slump in production came in 1921 which moved the state back to fourth rank. In 1921, according to the bulletin, Oklahoma produced lead and zinc valued at \$9,102,910, a decrease of \$15,497,090 from 1920.
"The resources of Oklahoma are varied in character and very valuable," the writer of the bulletin says in a brief summary. "The state is rapidly growing as a mineral producing and manufacturing center. While there has been such a wonderful growth in the development of natural resources, there has been so little done that no one can estimate the amount or the value of these resources. The discovery and development of these materials in the state have added to the building up of great enterprises which have brought millions of dollars into the state to be invested in economic interest which are paying handsome dividends on the money invested."

Donaghey is Winner But Beer and Wine Amendment Down

COLUMBUS, Ohio, Nov. 8.—A. V. Donaghey, democratic candidate for governor, took the lead over Camm A. Thompson, republican, on returns from 699 of the state's 8,167 precincts. The vote for those precincts was: Thompson, 56,076; Donaghey, 57,996. Congressman S. D. Fess, republican candidate for United States senate, maintained his lead over Senator Atlee Pomerene, on returns from 748 precincts: The vote: Fess 62,403; Pomerene, 59,829; Virginia D. Greene, independent, 594.
A majority against the beer and wine amendment to the constitution was given on returns from 466 precincts which showed: for the amendment 33,159; against, 37,486.
CARDIFF.—To gain permission of a house deserted by his tenants, Obidiah Morgan had to invoke a law enacted in 1737.

JUST IN TIME

Some Ada people may wait till it's too late. Don't wait until too late. Be sure to be in time. Just in time with kidney pills. Means curing the backache, the dizziness, the urinary disorders. That so often comes with kidney troubles.
Doan's Kidney Pills are for this very purpose. Here is Ada testimony of their worth.
Mrs. J. L. Carter, 35 E. 9th St., says: "I wouldn't think of being without Doan's Kidney Pills on hand; they are just a wonderful kidney medicine. I have taken Doan's when I have had a dull, nagging ache across the small of my back and when I felt lame and languid. These troubles were especially bothersome when I got up in the morning and at times my kidneys were irregular in action. Doan's Kidney Pills have always given me quick relief from these attacks and put me in good health. I am only too glad to recommend them."

HARRIS EXPLAINS COLLEGE NEEDS

Declares Negligent Few Should be Weeded Out of Institutions.

NEW YORK CITY, Nov. 8.—The only students in college today who do not belong there are those who lack any serious objective and are there in a perfunctory and negligent spirit, declared Abram W. Harris, corresponding secretary of the Board of Education of the Methodist Episcopal church, which opened its annual meeting here Wednesday and will continue the remainder of the week. Professor Harris, former president of Northwestern University and chairman of the Vice Commission of Chicago, in an address before the board today, asserted there are not too many students in colleges.
"I do agree with some educators who say that there are many who ought not to be there, but there are many young people not in college that ought to be," he said. "I favor any sorting-out process which is entirely just, but none has yet been proved to be so. The infinite individual difference and variety of experience and background completely baffle every known method in many cases. After all the actual trial seems to be the only just method. In the freshman year a weeding-out process goes on."
"This sorting out of the various grades of intellects is one of the really great functions of education. Its effect upon this country has been enormous, as it falls into the process of picking leaders of thought. "The large number of young people in college today does not necessarily mean they are crowding the professions. The great shortage of doctors, dentists, teachers and ministers disproves this, although law may be an exception."

(By Harry W. Miller)

It will be "hot daws" and buns free to every Scout at the College campus Friday evening at 7 p. m. If you are a scout and wish to find out about the bicycle races, which will take place Saturday, you had better be on hand and get the information about it. Then too Coach M. Z. Thompson and Harry Scheinberg will tell the Scouts about the cross country run, in which Scouts may enter.
If you have a bicycle and it is in good shape you stand as good a chance as any scout to win one of those brand new tires offered by Ada Filling Station, the Boy Scout to be given by the Rollow Hardware Co. the Boy Scout knife to

be awarded by the Coffman Bobbitt Sparks Hardware Co., and passes to any two shows that you want to attend at the McSwain, Liberty and American theatres.
According to M. O. Matthews, chairman finance committee, many have renewed their Boy Scout pledges and he hopes to have all in before Friday. If you have not renewed yours, want you do it today.

Cleveland Baby Show Leads Residents to Ask for Baby Clinic

OKLAHOMA CITY, Nov. 8.—Cleveland, Okla., is eager for the establishment there of a permanent better baby clinic, since a baby show held there recently under the direction of a nurse from the state bureau of maternity and infancy brought out 178 infants, according to information received by Miss Leila Hoagland, director of the state bureau.

Miss Hoagland said that Mrs. Franklin Frey of Cleveland, writing of the show, said that of the 178 babies registered, 130 were weighed, measured and examined in two days. She said that nurses, business men, schools and townspeople generally evinced great interest. She said that the clinic was held in a church. Miss Eunice Holmes, public health nurse, represented the state bureau.

Announcement of the expected visit to the Oklahoma bureau of Dr. Ethel M. Waters, associate director of the national bureau of maternal and infant hygiene, established in the Sheppard-Towner act of congress, was made by Miss Hoagland. She said that the visit would be for the purpose of a survey of the work of the state bureau.

McSwain Today.

Two of the most popular players on the screen are in "The Delicious Little Devil" which is now playing at the McSwain theatre. The first is Mae Murray, the star; the other Rodolph Valentino, who plays the role of a young man about town. The presence of these two make the picture worth seeing, not to mention the entertainment offered by the novel plot.

"The Delicious Little Devil," a Universal picture which is at the McSwain theatre today has popular Mae Murray in the stellar role with Rodolph Valentino a member of the supporting cast.

Tell one little lie and you have to tell nine more to support it, according to the old proverb, and the experiences of Mae Murray as Mary McGuire in "The Delicious Little Devil" at the McSwain theatre would seem to prove the truth of the old adage. An excellent cast supports Miss Murray. Included is popular Rodolph Valentino.

A pretty girl's longing for fine clothes to make her a fine bird lands Mary McGuire in a peck of trouble in "The Delicious Little Devil," the Universal photoplay starring Mae Murray which is now at the McSwain theatre. Included in the excellent supporting cast is the popular matinee idol—Rodolph Valentino.

It is estimated that \$6,560,000 tons of major crops are hauled over highways annually.

GOATS DESTROYING HULA GRASSES FOR HAWAIIANS

(By the Associated Press)

HONOLULU, T. H., Nov. 8.—The islands of Maui and Hawaii in this group contain 108,000 wild goats, or one goat to every two and one-half acres, according to a recent "census" taken by C. S. Judd, territorial superintendent of forestry. The territory would be obliged to spend \$50,000 to exterminate these animals which are destroying grass and forest cover, and the next legislature probably will be asked to appropriate this amount for the purpose, he said.

The estimate of 108,000 goats was based upon a recent "goat drive" which Boy Scouts and soldiers conducted on a ranch on the island of Hawaii.

POSTAL RECEIPTS SHOW INCREASE IN BRITAIN

(By the Associated Press)

LONDON, Nov. 8.—The gross revenue collected in postage on correspondence and parcels by the British postoffice for the last fiscal year will be 40,000,000 pounds according to estimates of the department. This is a substantial increase over the previous year, and a slight increase over the year preceding the war.

Estimates for 1921-1922, based on figures of last October, show that the department will handle 3,400,000,000 letters; 500,000, post cards, 1,150,000,000 printed papers and 19,000,000 newspapers.

SCOTLAND YARD RAIDED BY BAND OF THIEVES

(By the Associated Press)

LONDON, Nov. 8.—Scotland Yard, the world's most famous sleuth center, has been the victim of burglars. The thieves entered the post property office of the bureau one night recently and stole a number of unclaimed umbrellas and overcoats.

Entry to the offices, which is on the top floor of the low building, was made through the skylight and the thieves escaped by jumping through a window on to the roof of an adjoining building.

TRIAL OF PERSONS HELD FOR MINE MASSACRE BEGIN

(By the Associated Press)

MARION, Ill., Nov. 8.—The trial of persons indicted in connection with the Herrin mine killing last June began at 10 a. m. today in Williamson county circuit court with the arraignment of 48 men charged with murder. Judge D. T. Hartwell, presiding judge, cautioned spectators who overflowed the court room that quiet must be maintained.

ENEMIES IN POLITICS ONLY

David Lloyd George and Premier Bonar Law on their way to the parliament building.

This photo, just received from London, throws an interesting sidelight on the political situation there. Although Bonar Law was head of the Unionist party which caused the overthrow of David Lloyd George and his cabinet and later was named premier to succeed Lloyd George the two are warm friends off the platform.

State Teachers Association Advance in Membership, Organization Head Says

OKLAHOMA CITY, Okla.—The Oklahoma Education association, which has as its membership the school teachers of the state, is this year far in advance of any preceding year in the percentage of teachers enrolled at this season, according to M. A. Nash, secretary of the association, which has its headquarters at the state capitol here.

On November 2 of this year the association had an enrollment of 10,000 which may be compared with an enrollment on October 20 last year, Mr. Nash said. At the time he made these figures public the teachers' meetings in various parts of the state, which ended their sessions Saturday, were in progress and he estimated that in the course of the meetings at least 2,000 additional members would be obtained by the association.

Mr. Nash said that the peak of membership of the association near the close of last year was 14,867 teachers, or 99.8 per cent of all school teachers in the state, including substitutes. The number of teachers in the state this year, he said, was 15,500, not including substitutes. He estimated the probable maximum membership this year at 16,000.

Three hundred towns in the state have already reached the 100 per cent mark in the number of teachers enrolled in the association, the secretary said.

Greer county was the first larger unit to reach 100 per cent enrollment, he said, and Noble county was second. Enrollment has also reached that mark in the cities of Tulsa, Enid and Okmulgee and in Harper county, he added.

The Greer county association won a silver loving cup by being first to reach full membership, the secretary said, and Noble county won a banner as second prize.

The secretary announced there will be a meeting of the governing board of the association here November 11, at which time a program for the next state teachers' meeting, which will be held here Feb. 8, 9 and 10 will be planned.

Officers of the association are: J. N. Hamilton, superintendent of schools at Ponca City, president; Supt. J. H. Bartop of Sapulpa, vice-president; J. G. Mitchell, Edmond, treasurer; M. A. Nash and Jennie Pickering, both of Oklahoma City, secretary and clerk.

The directors of the association are: Prof. John S. Vauhn of Durant; Supt. M. R. Floyd, Vinita; Supt. A. W. Fanning of Alva; Supt. E. D. Price of Enid; Supt. J. T. Hefley of Henryetta; Supt. J. F. Hatcher of Chickasha and Supt. A. L. Richards of Elk City.

Oxford Considering Courses for Middle Aged English Peers

LONDON, Oct. 20.—Jolly old chappies of four score years and ten, frolicing on the Oxford playing fields, and doddering septuagenarians lolling in cushioned punts on the upper reaches of the Thames, may become realities if the plan for the entry of the old as well as the young to the famous English university is carried out.

The suggestion is that a college be established for adults, as Ruskin College was established for the education of men from trades unions. Such a college, it is pointed out, would be a haven of refuge for extra mural activities of the university, and would enable many adults to carry on studies which they started under the extension course idea and which they have been unable to complete.

Moscow Covering Up Scars of Revolution; Many Buildings Marked

(By the Associated Press)
MOSCOW, Nov. 8.—Putty and cement by the ton are being used in Moscow in an effort on the part of the government to blot out traces of the 1917 revolution.

There is scarcely a house in the Soviet capital which was not bullet marked, more or less, in the fighting, and some of the larger buildings were peppered with lead and steel from rifles, machine guns and shrapnel. Within the last few weeks hundreds of workmen have been engaged in the task of filling the bullet holes with cement and putty, and in many instances the walls have been painted, thus wiping out the visible scars of the days of terror which swept the Bolsheviks into power.

Hotel Men to Meet
CHICAGO, Nov. 7.—The second annual convention of the American Caterers association, comprising more than 300 prominent hotel men of the country, will be held here Thursday and Friday, November 9 and 10. John Dill Robertson, president of the Chicago School board, will be one of the speakers at the opening session of the convention.

Tigers Clash With Miners Here Friday In Armistice Game

Tigers and Miners will clash on College Field Friday afternoon of this week instead of Armistice Day as previously announced, according to a statement late this afternoon by M. C. Thompson, mentor of the East Central eleven.

Coach Thompson said the change in the date was made at the request of the school officials of the Wilburton School of Mines. A special train will be brought to Ada by the Miners and they wanted the game played a day early in order to return to Wilburton for the Armistice Day celebration.

Coach Thompson said the game will be called at 3 o'clock Friday afternoon. He urged all local business men and supporters of the college to turn out and boost for the team. Two cars of rooters will accompany the Wilburton huskies here according to a statement from the president of the Miners school.

Christian Endeavor Secretary Here for Thursday Conference

Mr. Harold R. Singer, Field Secretary of the Oklahoma Christian Endeavor union, will be in Ada for a rally with Christian Endeavorers of the Christian and Presbyterian churches Thursday evening. There will be a luncheon at 6:30 at the Christian church for the endeavorers, and all of the young people of both churches are expected to be present at that hour.

The luncheon will be followed by a rally at 7:30 in the basement of the Presbyterian church, at which time Mr. Singer will tell some of the things the Christian Endeavor young people are doing in the state. All members of these two churches, as well as all others in the city who are interested in young peoples work, are urged to attend this rally.

SEATTLE, Wash., Nov. 8.—Returns for the U. S. senatorial contest tabulated at 7:15 this morning gave Poindexter, republican, incumbent, 63,964, Dill, democrat, 68,503.

RISE OF INDIA RIVER EFFECTIVE

Many Villages Now Under Water as Result of Heavy Rains.

(By the Associated Press)
CAWNPORE, India, Nov. 8.—The great rise of the Ganges river, which has broken all records of the past thirty years, has led to the flooding of vast districts on the Unao side. Many villages on both sides of the railway line to Unao are under water, and hundreds of hamlets have been washed away.

The floods are on the decline now, but the rains continue intermittently, making the lot of those rendered homeless still harder. People whose houses have been washed away have taken shelter in neighboring villages, and some have been accommodated in railway cars. Virtually all the villages situated along the banks of the Ramganga river have been inundated. Houses and cattle have been washed away, and standing crops ruined.

In some places the rise of the river was so sudden that people who were in the fields tending their cattle or crops were cut off. Many were compelled to take refuge in trees until the floods subsided. Others were rescued by relief parties. Planks were tied together and let down from railway bridges on the Ramganga, enabling a number of people struggling in the water to be hoisted to safety.

The railway line between Kathgarh and Got has been washed out for about seven-hundred feet, and cannot be repaired for some time. The railway connection with Delhi also has been cut. The Lucknow road is still impassable in many places, and no communication is possible with outlying villages.

Large supplies of food, sent by the citizens of Cawnpore, have helped to relieve the distress.

Soviets Trying to Break Up Habitual Thefts From States

KHARVOK, Russia, Nov. 8.—The Ukraine soviet government has been making strenuous efforts to break up the practice of graft and bribery among state employees, and in this connection a trial ended recently in which the two accused principals, M. Meletensky, director of the state trading department, and his agent, Bakhmoutsky, were sentenced to be shot.

The prosecution charged that Meletensky and Bakhmoutsky, by an ingenious and extensive system of bribery and graft in disposing of state timber from one government department to another, had cleaned up some 20,000,000,000 soviet roubles, amounting at the time to about \$50,000.

It's Cooper Week
in our underwear section. Featuring the perfect-fitting, long-wearing,

Cooper's

Kenosha-Klosed-Krotch Union Suits

Cooper week!—comfort week—for men!
The little red-and-black label that marks these real Kenosha-Klosed-Krotch garments tells a lot. It tells you that you're getting—
—The union suit that fits as no other suit can.
—The union suit of perfect comfort.
—The union suit that spreads its moderate cost over three seasons of service.

—Because seven extra-wear features and the patented Klosed-Krotch are built into every garment.

The finest, firmest, strongest threads are used in making each union suit. The points of greatest stress and strain are double-woven. The wrists and ankles are close-knit and elastic—they can't grow loose or baggy. The buttonholes are triple-sewed and tear-proof. The buttons are sewed on with 20 threads instead of 10 or 12. Each seam is reinforced, AND—in the back, above the seat, there is an extra eight-inch tape-sewn reinforcement.

DODGE BROTHERS MOTOR CAR

The evenness of performance so often remarked in Dodge Brothers Motor Cars is due, in no small part, to the thoroughness with which each unit is inspected during the process of manufacture and assembly.

A trained staff of 800 experts is employed in this work alone, and approximately 5285 individual inspections are made on each car.

So exacting and rigid are the standards applied to these inspections that the slightest variation either in workmanship or material is instantly discovered and rejected.

Dodge Brothers are almost over-scrupulous in their constant aim to make each car as sound and perfect as is humanly possible.
